SUMMARY

MFA Interior Architecture graduate from The George Washington University and IIDA Premiere Awards 2026 Student Winner. Skilled in space planning, construction documentation, FF&E coordination, and design visualization across community, healthcare, and adaptive reuse environments. Trilingual communicator with a background bridging design and computer science, bringing analytical thinking, technical precision, and creative problem-solving to every phase of the design process.

EDUCATION

The George Washington University | *Washington, DC* May 2026

MFA Interior Architecture | GPA: 3.8

Relevant Coursework: Interior Architecture Studio I-V, Graphic Communications, Interior Materials & Color Theory, Digital Drafting & Modeling, Sustainability & Built Environment, Lighting & Acoustics, Structures & Building Systems, Design History

Mongolia International University | *Ulaanbaatar, Mongolia* June 2021

BFA Computer Science | GPA: 3.8

TECHNICAL SKILLS

Design Skills: Space Planning, Schematic Design, Design Development, Construction Documentation, FF&E Selection & Specification, Finish & Furniture Schedules, Material & Finish Selection, ADA & Building Code Compliance, 3D Modeling & Visualization, Sustainable Design Principles

Software & Tools: Revit, AutoCAD, Enscape, SketchUp, Blender, Adobe Photoshop, Illustrator, InDesign, After Effects, ArcGIS, Bluebeam Revu, Procreate, Miro, Microsoft Office

Languages: English (Fluent) • Mongolian (Native) • Russian (Conversational) • Korean (Basic)

PROFESSIONAL EXPERIENCE

Rasika West End | Knightsbridge Restaurant Group | Hostess August 2022 – Present
Washington, DC

- **Enhanced guest experience** by coordinating reservations, seating flow, and large-party logistics for a fine dining restaurant serving **200+ guests per service**.
- **Supported brand presentation** by designing seasonal menus and event materials using **Adobe Creative Suite**, aligning graphics with the restaurant's polished guest-facing experience.

Datacom LLC | UI / Graphic Design Intern September 2018 – January 2019
Ulaanbaatar, Mongolia

- **Improved user experience for 500+ daily users** by designing website UI layouts and digital graphics in collaboration with developers, translating wireframes into production-ready visual assets.
- **Strengthened digital brand consistency** by creating **10+ motion graphics** and marketing visuals in After Effects, revising designs based on stakeholder feedback through final delivery.

International Diploma Foundation School | Computer Science Teacher August 2021 – July 2022
Ulaanbaatar, Mongolia

- **Improved student comprehension** by developing structured lessons and visual instructional materials for **30+ students across 3 learning levels**.
- **Maintained consistent course delivery** by coordinating lesson plans, classroom materials, and student documentation throughout the academic year.

Mongolia International University | Administrative Assistant December 2020 – August 2021
Ulaanbaatar, Mongolia

- **Maintained zero missed submission deadlines over an 8-month period** by coordinating schedules, documentation, departmental communications, and administrative workflows for a **15-person faculty team**.

PROJECTS

Between Ages | *Interior Architecture Studio 5 | Adaptive Reuse, Community Design*
Spring 2026

- **Produced a complete construction documentation set** for a **12,000+ SF intergenerational community center** by developing floor plans, reflected ceiling plans, sections, finish schedules, and furniture schedules for **8 program areas** in Revit.

- **Communicated design intent and spatial** concepts through presentation boards, rendered perspectives, and storyboard vignettes illustrating a **mass timber structure** using **Enscape** and **Adobe Creative Suite**.

Whitefish Clinic | *Interior Architecture Studio 3* | *Healthcare*

Fall 2025

- **Earned the IIDA Premiere Awards 2026 National Student Winner** by designing a patient-centered healthcare clinic grounded in **evidence-based design**, infection-control material selection, and a complete schematic through design development drawing set in **Revit**.
- **Developed finish schedules and FF&E documentation** coordinated with **ADA requirements** and **infection-control standards** for clinical and patient care environments.

LEADERSHIP & AWARDS

IIDA Premiere Awards 2026 National Student Winner | 1st Place, Whitefish Clinic Healthcare Interior Design Project
Art & Design Club - Mongolia International University | Founder & President | Established first student design club; organized exhibitions and workshops for 20+ members (2018–2020)

PROFESSIONAL INVOLVEMENT

- **IIDA** • **ASID** • **NEWH**
